What I'm Noticing

An interest & strength observation sheet for parents. One week, a few notes.

Child _____ Week of _____

What they keep coming back to

Topics, toys, songs, places, games. What do they repeat, collect, or ask for "again"?

Where they shine

Something they did with ease, focus, or joy. Write the moment you saw it.

? Questions they asked / things they want to make

Energy & mood this week

One small next step

A book, outing, or material that follows the spark.

Grown-up tip: Watch for a few minutes without steering. For toddlers, "more!" moments and what they carry around tell you a lot. No need to fill every box.
